

CRESTON POLICE DEPARTMENT

ANNUAL REPORT
FISCAL YEAR 2010-2011

MEMO TO: Warren Woods, Mayor

FROM: Paul A. Ver Meer, Chief of Police

DATE: October 14, 2011

SUBJECT: Fiscal Year 2010 - 2011 Year End Report, Creston Police Department

INTRODUCTION

Attached, please find the annual report for the Creston Police Department for the fiscal year ending June 30, 2011. I have also included statistical information from previous years for comparison purposes. This report is being submitted to give you an overall look at police department activity as well as to show upward or downward trends in the various types of crimes reported during this time period. While statistics can provide a numerical "picture" of our activity, please be aware that they do not encompass many of the intangible services provided by the police department to the residents and guests of our community. I have included a narrative section to help fill in some of the gaps left following review of the statistical information.

This report is designed to fulfill many different purposes:

1. It may be used as an administrative tool to provide a base, or standard, to measure the various categories of crime and activities that are police related. These can then be compared on a weekly, monthly, or yearly basis to help determine if the police department is operating efficiently and performing the necessary tasks to ensure the public safety.
2. It may be used as a reference manual for current and future elected city officials to help them answer almost any question that a citizen might ask regarding the police department, crime rates, traffic accident rates, etc. It may also be used as a reference for interested community members or organizations.
3. It may be used as an administrative tool to train and indoctrinate future police administrators in the importance and necessity for keeping records and properly documented crime, events and other police activities in order to help plan future personnel needs, equipment needs and crime prevention strategies.
4. It may be used to let each member of the police department know that their performance records, both individually and collectively, are recorded, published and scrutinized by city officials and others outside the department. This promotes pride and determination to improve performance.

REPLACEMENT OFFICERS, OTHER PERSONNEL ISSUES – FY 10-11

The police department personnel changes during F.Y. 2010-2011:

The police department had no human personnel changes during this fiscal year. The department added "Minko" a police K9 to the force. Minko was purchased from North Iowa K9 with funds donated by several local businesses and citizens. Minko is a dual purpose K9 which means he is trained to find narcotics and also aide in criminal apprehension. Officer Jared Auten was chosen to be the K9 handler and completed a three week training course from North Iowa K9. Minko lives with Officers Auten at his residence.

PATROL CARS

Two replacement vehicles were purchased during F.Y. 10/11. One 2008 Ford Crown Victoria was traded in and replaced by a 2011 Chevrolet Silverado 4x4 pickup. The second vehicle purchased was a 2011 Crown Victoria which replaced the squad car designated for the K9 unit. This vehicle was purchased and equipped with funds donated to the K9 program. With the addition of the K9 vehicle the police department now has five patrol vehicles, four marked units and one unmarked unit.

MOBILE VIDEO CAMERA

We have now purchased and installed mobile video cameras in each of our five patrol vehicles. These cameras also have remote microphones carried by each officer so that we have video and audio recordings of traffic stops and other incidents. We have replaced the old VHS cameras with Watch Guard digital cameras, which were done through a grant from the Governor's Traffic Safety Bureau.

BUDGET

The budget for the police department during F.Y. 10/11 was \$817,033.00. Although there were several line items that were overspent, the overall expenditures for the police department were under the budgeted amount by \$37,109.55.

The budget for the communications center during F.Y. 10/11 was \$119,724.00. This budget is divided equally between Union County and the city of Creston. Expenditures for the operation of the comm. Center are kept relatively low as a result of sharing of these services with Union County. There will be some upcoming expenses associated with the comm. center this fiscal year and into the next fiscal year. We will be updating our computer aided dispatching with an update of the current program we are using. This will be paid for with funds from the South Central Iowa 911. We will also be updating our records management system which will cost approximately \$17,000, which will include updated software and training for officers and dispatch. The money for this upgrade was budgeted over the last 2 fiscal years.

COMMUNICATIONS

The communications function of the Creston Police Department is handled by the Creston City/Union County Communications Center, which is governed by a joint commission established in accordance with Chapter 28E of the Code of Iowa. The members of this commission are appointed – two by the Creston City Council, two by the Union County Board of Supervisors and one at-large position. The communications Center provides central communications functions for the Creston Police Department, Union County Sheriff's Office, Greater Regional ambulance service and all first responders and fire departments in the county. Additionally, the comm. Center provides a communications liaison with the Iowa State Patrol, state and county conservation commissions. Paging functions are also for juvenile probation, Department of Human Service's case workers, civil defense sirens and storm warning receivers.

We currently employ four full-time dispatchers and two part-time dispatchers, all of whom are certified to operate the computer equipment.

STATISTICAL INFORMATION

Attached to this narrative information are statistical reports documenting our calls for service, arrest information, citations issued and case documented. Our computer allows us to analyze the times, dates and locations of the various categories of crime. This information is then used to provide a current and accurate assessment of day-to-day crime problems as well as developing crime trends of problem areas. The chief of police and his staff also use this information in conducting performance evaluations, determine areas of selective enforcement, manpower and equipment requirements and a basis for departmental budgeting. I have ended the statistical information tables with a breakdown of statistics in five problem areas for the last 4 fiscal years.

CONCLUSION

The police department works around the clock to help ensure public safety and greatly appreciates the cooperation and support received from the citizens and businesses in our community. By the nature of our work, uniforms and vehicles the police department is the most visible branch of city government. We feel, however, that we have tempered this visibility with a friendly, fair, honest and low key approach to law enforcement.

"The police are the public and the public are the police; the police being only members of the public who are paid to give full time attention to duties which are incumbent on every citizen in the interest of community welfare and existence."

- Robert Peel

"Every society gets the kind of criminal it deserves. What is equally true is that every community gets the kind of law enforcement it insists on."

- Robert Kennedy

I would like to take this opportunity to thank the mayor, city council, city manager and the citizens of Creston for their continued support of the police department. Without this support, our mission would be difficult, if not impossible, to accomplish. I would also like to recognize the loyalty and dedication of our officers who work around the clock, every day of the year, to maintain the quality of life that we have all come to expect and enjoy.

If any other information is required to supplement the data enclosed, please do not hesitate to contact me.

Paul A. Ver Meer
Chief of Police
